Pouya Ghasemi

Profile

I'm a seven years experienced senior developer, I have done a great number of successful projects, such as Pars Trader, Middle East Bank App, Hamrahyar, MyApps, Cando and so forth.

Over the last three years, I have been focusing on Mobile-Based Applications profoundly. Furthermore, I have managed many teams and projects and I am quite professional in team working and most importantly, I have done a number of projects individually. Besides, I am very capable of handling and tackling the problems during my work.
